

CITY OF SAN LUIS BILLING & COLLECTIONS DIVISION

(Water-Sewer-Garbage Services)

WATER CONVERSION APPLICATION

The necessary contracts between the Bureau of Reclamation, the Yuma County Water Users Association (Association) and the City of San Luis (City) have been approved. This contract only affects land located south of County 19th Street. The contract allows landowners to voluntarily and irrevocably convert their irrigation water entitlement to the city. Property owner may choose to convert and be relieved of future annual charges from the Association. Property owner conversions benefit the Yuma area by increasing the amount of water right resources available for domestic use.

If you sign an application to convert and surrender your water rights, the City will be responsible for future assessment payments to the Association for your property's water rights. The Association will not agree to the contract until any and all balance is paid. It is highly recommended that any amount owed to the Association be paid in full by you. If you choose and/or request the City to pay amount due to the Association, the assessments owed are paid by the City, this amount will then become a Lien upon your property and payable directly to the City. The amount paid on your behalf is your responsibility and will be assessed a 15% simple interest per year until it is paid in full. Once you have paid the City your account in full a lien release will be issued and recorded.

If you are interested in submitting request for a Conversion, please complete this application, hand deliver or mail this form to: City Hall-Utilities Office, 1090 E Union St, P O Box 3750, San Luis, AZ 85349.
