RULES AND DEFINITIONS

A. The term "Uniform Building Codes" as used hereinafter shall mean the codes referred to in Section 1 of this Ordinance.

B. Terms used in this Ordinance shall be defined as provided in the Codes adopted in Section 1 of this Ordinance, except as herein otherwise provided.

C. Whenever the terms "governing body" or "City" or "Town" or "Municipality" are used in the Uniform Building Codes, they shall mean the Town of San Luis.

D. Whenever the terms "Mayor", "Appointing Authority", "Commission", "City Council", or "Manager" are used in the Uniform Building Codes, they shall mean the Mayor and Town Council.

E. Whenever the terms "Administrative Authority", "Building Official", "Chief", or "Administrator" are used in the Uniform Building Codes, they shall mean the Director of the Department of Building Safety of the Town of San Luis or his representative.

F. Whenever the terms "Other Codes" or "Other Code" are used in the Uniform Building Codes, they shall mean other code or other codes adopted by either the Town of San Luis, or the State of Arizona. If there is a conflict between such other code or codes and this Ordinance, the more restrictive shall prevail.

G. Reference to chapters, articles, sections or paragraphs and to table thereof are to the Uniform Building Codes.

H. Certificates:

1. Zoning Certificate. May be part of the Building Permit. (The issuance or approval of zoning use permits, variance use permits, temporary use permits and special use permits shall not be constructed to be functions of the Department of Building Safety but shall be continued to be processed as otherwise provided by law.)

A fee shall be charged for a separate issue of a zoning certificate if not a part of the building permit or if not including a structure.

2. Certificate of Use and Occupancy. For new construction and also considering land use.

Certificate of Inspection may be a separate individual trade inspection approval.

Temporary Certificate may be a substantial compliance inspection.

Final Inspection Certificate may be a certificate of approval that may include the entire structure, partial work, additions or alterations.

3. Certificate of Compliance: For existing structures. May be associated with pre-moving, renovation, use change, addition and existing structure or housing code.

A Letter of Certification (Duplicate Certification) may be for other than the original issue.

4. Certificate of Fitness: For hazards and safety. A document issued by the Building Official authorizing by permit to maintain, store, or handle materials, or to conduct processes, which produce conditions hazardous to life and property, or to install equipment used in connection with such activities in accordance with the provision of this Ordinance. It shall not be transferable, and any change in use or occupancy of premises shall require a new permit for certificate.

May include plan check for exists, assembly, fuels, special use and/or for periodic inspection "prevention" enforcement by another recognized authority.

May be used when new construction "fitness" is a change of use occupancy.

I. Department of Building Safety: The Building Safety Department shall administer this Ordinance. The executive official in charge thereof shall be known as the Director of the Department of Building Safety.

J. Fire Rating: Every building, whether existing or hereafter erected, shall be classified by the Building Official according to its use or the character of its occupancy as set forth in the UNIFORM BUILDING CODE Chapter 5 and pursuant to the State Laws of the UNIFORM FIRE CODE.

K. Administrative Provisions: Part I of the Uniform Building Code in Section I A of this Ordinance shall be used as the administrative rules for administering this Ordinance, except as otherwise hereinafter provided.

ADVISORY BOARD

Whenever the terms "Board of Appeals", "Adjustment Board", or "Board" are used in the Uniform Building Codes, they shall mean the Advisory Board and said Advisory Board shall be organized pursuant to Arizona Revised Statutes, Title II, Chapter 6, Article 3, Section 11-862.

The functions and duties of the Advisory Board shall be specified by regulations adopted by the Town Council which may further provide for appointment of review committee for electrical, mechanical and plumbing, such review committees to include experienced tradesmen and contractors.

Other than the Director of the Department of Building Safety whose terms shall be continuous, each Advisory Board Member shall serve for a term of four (4) years, except that of the members first appointed, one each shall serve for a term of one, two, three and four years. A vacancy for an unexpired term shall be filled in the same manner as the original appointment, and the appointee shall serve for the unexpired term only. The Advisory Board shall adopt its own reasonable rules and procedures for its proceedings.

CONTINUITY:

The International Conference of Building Officials and other publishers identified in Section 1 of this Ordinance issue each edition of the Uniform Building Codes periodically which is maintained by annual supplements. In order that this Ordinance maintains its continuity it shall be the responsibility of the Building Official to review and present all such supplements to the Planning and Zoning Commission for appropriate action.

ADMINISTRATION

All department officials and public employees of the Town of San Luis, vested with the duty or authority to issue permits or licenses, shall comply with the provisions of this Ordinance and shall issue no permit or license for any use, building or purpose in conflict with the provision of this Ordinance. Any permit or license so issued in conflict with the provisions of this Ordinance, shall be null and void and be of no effect whatsoever.

Filing Plans: Every application for a Zoning Certificate which is a part of the Building Permit, shall be accompanied by plans and specifications. One copy of such plans shall be returned to the owner when plans are approved by the Building Official together with such Zoning Certificate as may be granted.

Plans and Specifications: With each application for a building permit, and also when otherwise required by the Building Official for enforcement of any provisions of this Ordinance, two (2) sets of specifications and plans and one (1) set of reproducible plans (reverse reading sepia prints) may be submitted. The Building Official may, where the complexity of the plans clearly so warrant, require plans and specifications to be prepared and designed by an engineer or architect licensed by the State to practice as such. The Building Official may further require that plans for new construction indicate existing and finished drainage flow patterns.

RULES AND REGULATIONS

The Building Official may adopt rules and regulations in the interest of public safety, health and general welfare, to implement the provisions of this Ordinance to secure the intent thereof; but no such rules shall have the effect of waiving technical provisions specifically provided in the Uniform Building Codes or of violating accepted engineering practice involving public safety. Provided however that such rules and regulations shall be operative only after the passage of fifteen (15) days from the time such rules and regulations have been published once in a newspaper of general circulation in the town.

PERMITS

Permits shall be required as associated with the issuance of certificates and collection of fees.

The following shall be exempt from the requirement of the issuance of certificates and collection of fees.

1. Curbs, retaining walls, and planter walls retaining up to 18" of earth.
2. Patio covers accessory to H, I, J occupancies up to 100 square feet and at least five feet from any other building on the same property and five feet from any property line.
3. One-story tool and storage sheds and other accessory buildings not used for human occupancy in the rear yard with not more than 100 square feet of the projected roof area and five feet from any property line.
4. Residential television and radio antennas supported on roofs.

5. Awning projecting up to six feet and attached to the exterior walls of buildings of Group I and J occupancy.
6. Repairs, modifications and remodeling which involve only the replacement of component parts of existing work with similar materials for the purpose of maintenance, and which do not aggregate over \$1,000 in valuation, in any 12-month period, shall not require appropriate permits. Repairs exempt from permit requirements shall not include any addition, change, or modification in construction, exit facilities, or permanent fixtures or equipment. Specifically excepted from permit requirements without limit to valuation are:
 - A. Paint and Decorating.
 - B. Installation of floor covering.
 - C. Cabinetry and finish carpentry work.
